1. QUORUM/CALL TO ORDER

1.1 The PIRA Executive Director called the meeting to order the 16th meeting of the PCIF 1 Sub TWG.

2. MINUTES FOR APPROVAL

2.1 Upon motion made and duly seconded, the minutes of the meeting of the PCIF 1 Sub TWG dated 16 August 2022 was approved.

3. BUSINESS ARISING FROM THE PREVIOUS MINUTES

3.1 No matters arising from the previous meeting.

4. UPDATE ON THE CONFIRMATION OF PARTICIPATION AND SUBSCRIPTION TO THE PCIF1

The PIRA Executive Director reported the following updates –

- There were already sixteen (16) company participants in the PCIF 1. It is a go for PCIF 1, however, sign-ups are still open for those who may still want to join.
- PIRA was invited by the Insurance Commission to a meeting on September 8, 2022, to discuss the major incentive which is to allow the Security Deposit as an admitted asset. Pending this, we are keeping the sign-ups open just in case some companies still decide to join. National Re is already in conversation with the 16 members and getting the needed data with the treaty reinsurers for a common XOL and coming up with a quote.
- One important thing that needs to be done is to elect the Oversight Committee members because the task of the TWG for PCIF 1 is ending. It is going to be the Oversight Committee that will be taking over. But we are still waiting for the sign-ups so this election will happen after the sign-ups have been closed.
- The deadline for the submission of confirmation of participation has been moved to September 12, 2022, and the first General Membership Meeting for the PCIF 1 will be any day from September 14 to 16, 2022.

Mr. D. de Guzman mentioned that they are now in communication with the members that confirmed participation in the PCIF 1. They are now meeting and assisting them with data preparation.

Ms. C. Lorenzo confirmed that they are still in the process of getting data from each of the participants. As soon as they get the relative information, they will be able to start with the analysis and communication with the brokers, and probably with the individual companies and the TWG as well. They are still helping participants with regard to data gathering and the discussion is ongoing.

The PIRA Executive Director raised a question about the news that is coming out. There are major reinsurers that are now pulling out of the CAT market, would it affect us?

Ms. C. Lorenzo replied that was the news they have been receiving. There are some reinsurers who are pulling out of the CAT market and that may affect the proportional as well as the excess of loss treaties. But they are hoping that there is still enough capacity for the other reinsurers to participate in the Philippines.

The PIRA Executive Director commented that with everybody pooling risks, there will be more leverage when dealing with reinsurers.

A suggested timeline for the PCIF 1 in September was presented to the body by PIRA Executive Director. This was decided at the Core meeting of PIRA dated September 2, 2022
